3 Made a decision to turn our will and our lives over to the care of God, as we understood Him.

When we come into Cocaine Anonymous and take the third step it is our attempt to give our will, which are our thoughts, and our lives, which are the sum total of our actions, to the care of God as we understand him.

There is so much that one can say about Step 3 that I almost chose a different step to write. If you're an addict worth your weight in cocaine as I was, the only decision that I made was to do whatever necessary to get the next high. Thus, in the third step, to make a decision to turn my will and my life over to the care of God as I understood Him was a topic that needed considerable debate. The thought of turning anything over to something I could not see, feel, touch or smell just did not make good common sense to me at the time. Nevertheless how much sense did it make to take my hard earned cash (crack coupons disguised as dollar bills) and turn it over to someone that I could not look in the eye, feel, touch, and hope that I didn't smell.

In a very real sense I had, quite un-consciously, made a decision to turn my life over to Cocaine. It took no debate; I did not have to contemplate the true meaning of the flake or why it was called "Crack". I quickly learned its places of worship and attended regularly. I had in essence made Cocaine my god and he/she was demanding and what it wanted from me was clear, it wanted every thought and every fiber of my being... it wanted my life.

When we come into Cocaine Anonymous and take the third step it is our attempt to give our will, which are our thoughts, and our lives, which are the sum total of our actions, to the care of God as we understand him. Arrived at this point many of us come face to face with the fact that we're not sure of our understanding of God. If by chance you were like me, one who reluctantly denounced the cocaine god, and only after it had bled me dry, wasn't sure about my understanding. As one reads that step it becomes paramount to our understanding that the "we" who is mentioned is not we who sit around the tables today. It is the first one hundred members of Alcoholics Anonymous that this "we" refers. Their explanation of that which is God can be found in the last full paragraph on page 46 of the Big Book of Alcoholics Anonymous.

The importance of their definition of God can be compared with the significance of the extraction of penicillin from molded bread. Because of their definition it allows each and every person who comes into a 12-step program, CA specifically, to affect an unbiased spiritual contact with their Creator thus starting a person, whether newcomer or old timer, on a daily life saving practice. If we are still confused about step three merely work the rest of the steps, practice the principals and be of service and your own personal understanding will come.

The Reason You Were Chosen for This Work

God, in His wisdom, selected this group of men and women to be the purveyors of His goodness. In selecting them, through whom to bring about this phenomenon, he went not to the proud, the mighty, the famous or the brilliant; He went to the humble, the sick, and the unfortunate. He went right to the addicted, the so-called weakling of the world.

Group Inventory

The Twelve Traditions are to the group what the Steps are to be the individual. The traditions help keep the program of recovery alive and successful. They support and maintain the balance and integrity of our individual and collective program of recovery. These traditions are fully explained in Twelve Steps and Twelve Traditions. We know there are no "musts" in our fellowship, but to how many of these questions can your group or you as an Individual answer "yes"? We urge you to read this with an open mind. Has your home group considered conducting a group inventory? Visit the C.A. World Service website at www.ca.org/service/wscunity.htm and/or speak with your area unity chair, Leonard B (3134 537-7933) for more information. **Tradition 2: Am I willing to do C.A. service work?**

2007 CAWS Convention

Have you heard? *The 2007 Cocaine Anonymous World Service Convention* is being hosted by the *Greater Missouri Area, in Kansas City Missouri at the Westin Crown Center Hotel, One Pershing Road*. In the heart of downtown, within Hallmark's crown Center – an 85 acre complex of shops, restaurants, and theaters – the award winning Westin Crown Center is the picture of elegance.

Though many committees have been formed and are very busy with planning there are still positions open. One of the first principles of the fellowship is *"we can only keep what we have by giving it away"*. Please come out and help. We meet every other month in Columbia Missouri for our general committee. *Please come and help keep hope alive*. There are several chair positions still open and a lot of committees that need members to serve. This is a real big event for our area so we need everyone's help to make this dream come true. It's a chance of a lifetime to help support the entire fellowship of Cocaine Anonymous. Don't let this opportunity pass you by. If you're anything like me I didn't have a life before this *"We Program."* Please attend our next general committee meeting and see what you can do to be of service.
